The Empowerment Promo

While The Powers That Be and the World at Large continue to take away The Power of The People, we who live in Gadgetman Land want to turn the tide in your favor. By sharing a proven technology while building a strong and caring community, The Gadgetman Groove enables you to:

- Improve Combustion Efficiency in a single step.
- Join a growing team of caring professionals.
- Use a technology to earn a good second income.
- Change the Planet, starting in your own neighborhood.

We've all read how **The Gadgetman Groove** boosts performance. We've heard of the almost unbelievable efficiency claims. Most of us are aware of the near-zero emissions readings (on YouTube). However, have you ever considered how "**Knowledge is Power**" could apply to **you and The Gadgetman Groove?**

You could just buy **The Groove** from us or a member of our team. That'd be cool. Or, you could become a part of the legacy by owning your own Personal License. Either way you make the planet a little greener. But if you **become a member of the Gadgetman Family**, you can use your native skills to make something pretty amazing on its own even **MORE** effective!

Not only that, but **Gadgetman Land** is where we help and support each other. The skills you develop **EMPOWER** you, first and foremost, in your own personal life, and by sharing the knowledge you develop, you help everyone else become stronger.

Not only that, but **The Personal License** can be used as a stepping stone toward the **Professional License**. That's where you are authorized to charge a fair price for your service, and you get the full backing of **The Gadgetman Network**. That not only

enables you to make a great second income, but to share the knowledge that there IS a better way, and **you found it!**

You get to help yourself and you get to help and uplift others as well. That's not bad for a few hundred clams!

Now not everyone has what it takes to become a fully licensed and Certified Gadgetman, but **EVERYONE** can benefit from **The Gadgetman Groove**. As a professional, you provide a valuable service to your community that allows you to enrich others as you enrich your own life...**PROFITABLY!!**
